Marshaling the Bargains at the "Hour Sales"

Another day of surpassing values is in store for you; bargains such as you can only find at Hecht's. We have massed an array of values so remarkable that we confidently predict for tomorrow the attendance of the greatest concourse of wise shoppers that has ever congregated in a Washington store in any single day. Space will not permit us to name each bargain separately, but those we are able to quote will give you a fair idea of the tremendous reductions we have been compelled to make in order to beat our own record for low pricing. No matter how low the prices are you will still be welcome to having your purchases "charged." The only restriction we make is that we will not fill mail orders for the "Hour Sales."
